# **Annual Report for Inspections 2007**

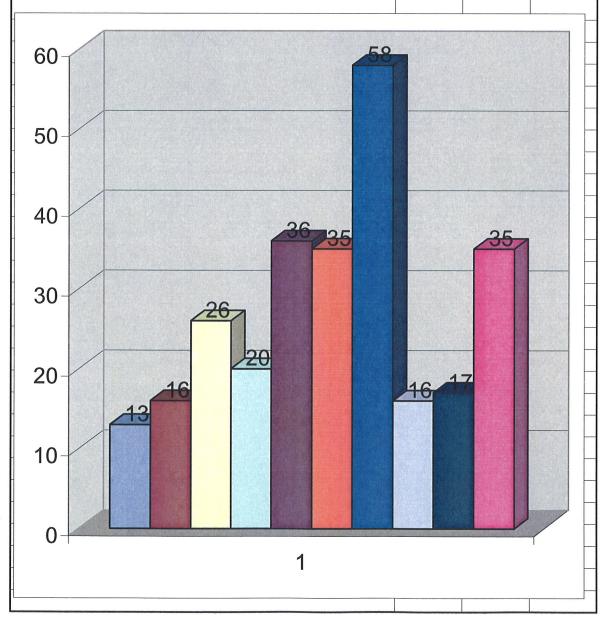

This year, we established a goal to complete an inspection of every business in Westfield. This was obtained by working diligently in zoned areas. Zones were broken down into areas served by Station 81 and Station 82. Then each shift was given a zoned area to complete. We canvassed these areas for all business and found 147 places of business that we did not have in our data base. This is an increase of 37.8% inspections over the previous years. 292 businesses were found with violations and 97 businesses had no violations. This shows that we completed a quality inspection for 2007. 58 businesses had a violation that required their fire extinguishers to have its annual inspection completed. This was the top most violated code followed by exit signs not in working condition. The most serve violation was locked exit doors by 4 businesses. These were taken care of immediately and on return visits were found to be corrected.

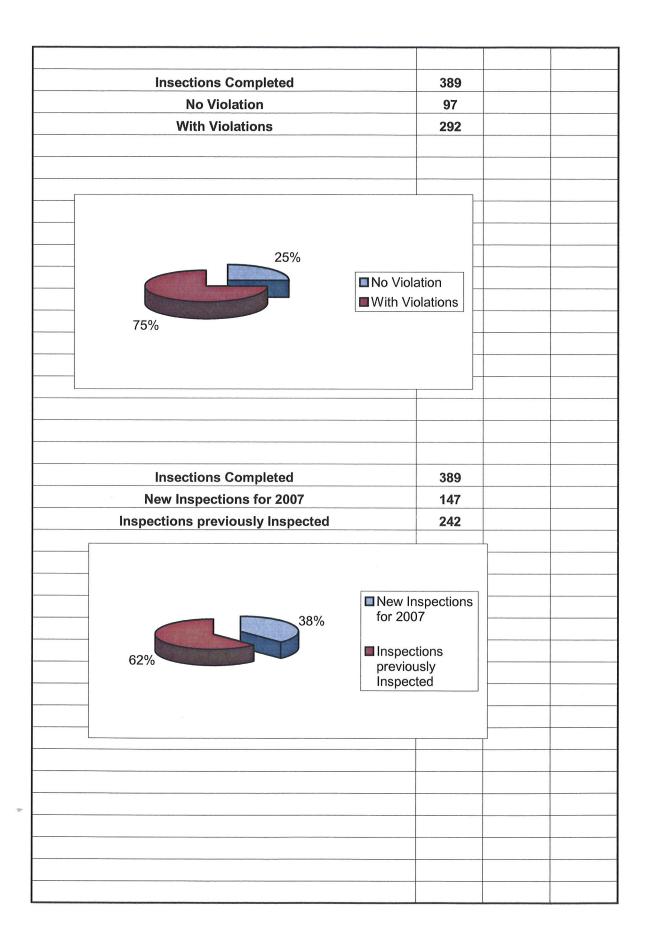

With 2007 being my first year with Westfield Fire Department, the firefighters exceeded my expectation. Their diligence, professionalism and dedication made this year's inspection process a success. Our goals for next year inspection process is to bring down the number of violations found and continue education of the fire codes with the firefighters and citizens of Westfield. We will begin our inspection process on Tuesday April 1<sup>st</sup>, 2008 and continue through Friday October 5<sup>th</sup>, 2007.

Report Respectfully Submitted:

Garry A. Harling, Division Chief / Fire Marshal

Top Ten Most Written Violations Per Business	Number	
30 inches of clearances in front of electrical panels	13	
Address on Buildings	16	
Electrical Hazards	26	
Emergency lights not working	20	
Exit signs not working	36	
Extension cords in use	35	
Fire Extinguishers annual inspection	58	
Fire Extinguishers height not to code	16	
Repair Fire Rated Construction	17	
Storage too close to ceiling and needs to be neat and orderly	35
